**TO HOLD THE PRICE BOOKINGS ARE REQUIRED BY 25th MAY**

Grand Hyatt New York, at 109 East 42nd Street, has a prime location on the fashionable East Side, adjacent to the famous Grand Central Terminal: the city's top attractions – including Times Square, Broadway theatres, Central Park and Fifth Avenue's world-class shopping – are all nearby. There's a 24-hour business centre and a 24-hour gym within the hotel.

The Animal Medical Center at 510 East 62nd Street in New York is a non-profit veterinary centre that has been operating since 1910. As an academic veterinary hospital, The AMC promotes the health and well-being of companion animals through advanced treatment, research and education. It provides routine and emergency medical care for pets, and also offers treatment for animals suffering from complicated diseases. The staff, which includes more than 90 veterinarians, utilises an interdisciplinary team approach and combines expertise in 17 different specialties.
